Will do. Eric Koglin and I will be in touch as we assemble these skills for you.

Greg

Patti –

I have a few ideas, but I would like to reach out into the Labs and get some nominations for you. Shall I proceed? Do you want to talk today first?

Greg

Hi Greg,

I am now working as the Liaison Officer in Area Command in Durango and there have been conversations today about the need to start thinking of putting together a long term monitoring strategy for the watersheds potentially impacted by the Gold King Mine release. We are thinking that we would need to pull together a team of expertise in surface water, drinking water, groundwater and sediments and I wanted to informally reach out to you to see if you had any thoughts on specific names. I think it may take a couple of months for a team to develop this strategy. I was also wondering if OW could assist.

Thanks in advance for any thoughts you may have with this and I am also happy to give you a call to discuss in more detail.

Patti
